

February 28th, 2017

To Whom it may concern,

Mr Benjamin Ferrand was employed on the privately registered motor yacht 'Lady May' as Head Chef from February 26th, 2017 to February 28th, 2018.

Benjamin worked directly under my command from August 2017. During this time Benjamin was responsible for guest and crew meals for up to 16 people. His food was well liked by the ownership which ultimately resulted in Benjamin being asked to cook full time at the ownerships residence. During Benjamin's tenure the yacht operated in New York, Florida and Bahamas.

He was competent and could be relied upon with regard to his safety and watch duties. Benjamin was well liked by the rest of the crew. If you require any more information please feel free to contact me on the details below.

Regards,

Captain Craig Heaslop
